

1. Download our app on [iOS](#) or [Android](#)
2. Plug your device into the charger (with battery guard attached). Then, navigate to your home screen and open the app
3. Select “Scan” to scan for the device

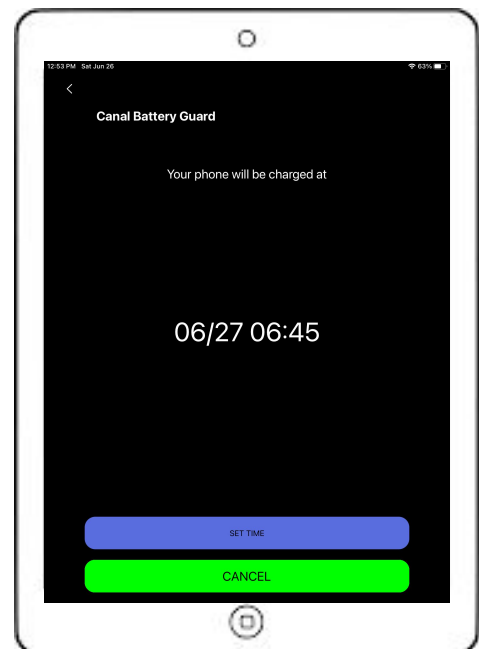

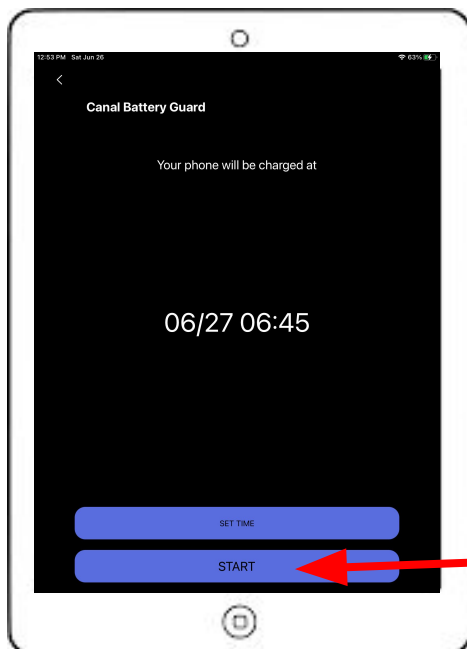

4. Select the drop-down arrow and then the device named “Canal Battery Guard”

5. Select “Save Charger and Continue”
6. Set your charge end time

7. Click “Start” and verify that the button changes to “Cancel”

8. Click your home or lock button and enjoy!  
**Important:** do NOT close or kill the app.  
Leave it open to run in the background

Thank you so much for supporting us!

Please contact  
[info@canalbatteryguard.com](mailto:info@canalbatteryguard.com) with any  
questions, problems, or suggestions

With gratitude,

The Canal Team
